

MongoDB Exercises:

JADS Master: Data Engineering

mongoDB

Today

— Part IV: Hands-on exercise MongoDB

Get started

Log in to the data engineering 'hub':

<https://data-eng.jads.surf-hosted.nl>

Open a new terminal and git clone the course repo:

```
git clone https://github.com/sara-nl/jads-nosql-mongodb
```

Get started

Open the JADS-data-eng-MongoDB notebook from the exercises and work through the assignments

Stuck? Ask for help

Once done, send the filled in notebook to:
`mathijs.kattenberg@surfsara.nl`
